X300

3M™ DBI-SALA® ExoFit™ X-Series Harnesses

Gear up with confidence, quality and performance.

The 3M™ DBI-SALA® ExoFit™ X300 Harness is designed for those who refuse to compromise. The X300 harnesses are outfitted with high-quality components that have been developed to enhance the safety, convenience and performance for working at height on your job site. The X300 comfort harness is built with 6,000 lb. polyester webbing, robust nylon/polyester hybrid comfort padding with reflective 3M™ Scotchlite™ panels and lightweight aluminum hardware. New technology in the dorsal D-ring area helps workers make efficient connections and maintain a safe harness fit. Locking torso adjustment and quick-connect buckle options are available to optimize fit and worker experience. Select configurations are also available with our exclusive weight distribution system to help reduce shoulder strain and fatigue.

Automatic stand-up back D-ring* conveniently connect faster and easier

Personal SRL adapter* allows for connection of personal SRLs with confidence and ease

Anti-slide dorsal D-ring pad

Weight Distribution System* takes weight off your shoulders**

3M™ Scotchlite™ reflective panels to enhance visibility in low-light environments

Auto-resetting lanyard keepers*

Integrated low-profile suspension trauma relief straps*

Auto-locking quick-connect buckles to help maintain fit—greatly reducing buckle slide

Comfort back pad with built-in durable shoulder caps

3M™ Connected Safety ID*
